			Alan Powell	D	House 29

Georgia Conservation Voters is the political voice of the environmental and conservation movement in Georgia. GCV takes its inspiration and leadership from the local, regional and state environmental and conservation groups who define the issues we work on. Because these groups are not allowed to engage in electoral politics, we undertake that mission on their behalf. GCV is on the web at [www.gavoters.com](http://www.gavoters.com).
